

As a registered republican I wish to state my opposition to Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election. All political coverage should be given equal time and dirty tricks by either side cheapen our political process.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. Sinclair's actions show why we need to strengthen enforcement of fair and or equal time for both sides of any issue to reach the public. Further more it is an embarrassment for stations to air libelous "documentaries on any issue". I am deeply saddened that the republican party is allowing this to go on but also feel that the FCC has an important non partisan role to play. Thank you.
